Obsahy 3.–4. ročníku TUGboatu

Na následujících stránkách se po delší době opět vracíme k historickým číslům amerického TUGboatu. Dal jsem si konečně tu práci a přehlédl soubor s obsahy všech čísel prvních 12 ročníků (obsah 13. a právě ukončeného 14. ročníku ještě nemám v elektronické podobě úplný), doplnil chybějící definice a zformátoval je pro potřeby našeho časopisu. Tentokrát jsem si dal snad větší pozor na zrádnosti typu `\advance \hspace 3pc`, které mě poněkud vypekly při tisku čísla 3/92. Celý soubor předám k distribuci do našich \TeX ových archivů. Po vytištění na laserové tiskárně dostanete svazček o 60 stranách.
